Col. Prince,

This letter is concerning things that is happened to me.

Since I've been here I feel that I've been discriminated against by the Doctor here in Medical. I do have medical issue that I can't help. I've been locked up in Medical like I've broken rules, don't come out of this room at all for any activities, the room here is cold & nasty.

The inmates in D that's on lock down get privilage's than I do. my commissary has been stop by Doctor Hendrix. I've only ~~one~~ made one order since I've been here. He said that reason I get getting sick is because of commissary. I don't have any commissary now but I'm still having to go to the hospital for fluids. I've tried to explain to him at home I had to go to Dialysis (4) four times a week - Mon - Wed - Fri - Sat to be able to make it through the week-end. The Diets that comes from the kitchen is not a renal diet, I've ask the Doctor and Nurses to get me the right diet, He the Doctor had stop me from shopping, but can't get me the right diet to eat. I asked him on the first (1st) if I could go back to population, He said no, and I asked him why, He stated because I said so and walked, His attitude is very ugly to be a medical Doctor, Mrs. Prince if I have to be housed in Medical I'll like to be able to come out and go to yard call and make my store, if this can't be done here, please move me to D-pod - 5eg.

Thank you

Sincerely

Inmate SANDERS
